

SEAWEIGH - CAPABILITY

Connect with SEAWEIGH for all your Marine Surveying, Marine Consultancy and Marine Inspection requirements throughout Queensland and the Asia-Pacific.

Your needs are our priority - on time attendance and innovative reporting, balanced by effective and safe delivery of services.

Experienced, capable people - providing clear advice and practical solutions that create trust and build beneficial relationships with our clients.

Our marine surveyors - are members of the Australasian Institute of Marine Surveyors, conducting surveys in line with the Institute's Code of Ethics & Common Survey Codes.

Understanding client expectations – deliver cost effective outcomes that reduce exposure to risk through excellence, intelligence and integrity, no matter what services we are providing.

The SEAWEIGH Quality Management System is accredited to ISO9001:2015.

SEAWEIGH – SERVICES
